A VEHICLE PARTNER YOU CAN RELY ON

Established in 1992 SFS has a proven track record in delivering successful contract hire, fleet and workshop management solutions to the public and private sector.

We have built up a reputation as a competitive and flexible contract hire and fleet management company with the ability to meet the most complex fleet requirements. From grounds maintenance equipment and service vans to road sweepers and refuse collection vehicles we have the specialist skills and workshop expertise to source, maintain and dispose of any vehicle.

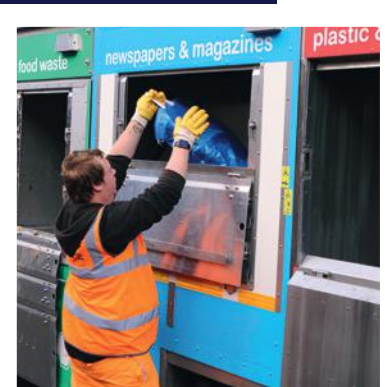

We also provide finance for the lease and hire purchase of commercial vehicles for the road recovery, haulage,

waste management, bus and coach, and self-drive hire sectors through our asset finance division.

Our municipal vehicle hire company, Collett Transport Services (CTS), provides cost effective, nationwide vehicle hire for the short to medium term, and offers a diverse fleet of high quality vehicles fitted with the latest technological enhancements.

We are committed to investing in new vehicles and equipment to expand and refresh the CTS fleet.

For a vehicle partner you can rely on to keep your front line services running smoothly, give our team a call.

CONTRACT HIRE OR LEASING

Our experience in the market combined with strong financial backing means that we can offer flexible and competitive contract hire or lease packages.

Whether it's short or long-term hire, from 1 day to 10 years, we can deliver. Our range of maintenance options means you can choose from using our in-house workshops, third parties or sub-contracting back to your own workshop facilities.

Each contract is tailored to meet your individual requirements and we offer high levels of support and flexibility throughout the contractual term.

SFS offered the best value in terms of quality and price. We are delighted to be working with a new partner and we hope to further improve our efficiency and service to the public.

Cllr Iain Eadie

Cabinet Member for Waste Management,
Lichfield District Council

LOCAL AUTHORITY

We invest as much time as necessary to fully understand our customers' operational demands and budget, and we aim to deliver a solution that identifies potential savings, as well as opportunities for service improvements.

Our objective is to add value wherever we can. We work with a large number of authorities across the UK not only replacing and maintaining their fleets but also running their workshops.

SFS works with a range of local authorities including Northampton Borough Council, Staffordshire Moorlands District Council, Hyndburn Borough Council, Weymouth & Portland District Council, Epsom & Ewell Borough Council, Hinckley & Bosworth Borough Council, Kettering Borough Council, Lichfield & Tamworth Joint Waste Service, Richmondshire District Council, Hambleton District Council & Teignbridge District Council.

We believe SFS has the right combination of expertise in vehicle provision, maintenance and workshop management, as well as providing us with cost and efficiency savings. Throughout the past 11 years we have been very impressed with the responsiveness and professionalism of the SFS team and we work well together.

“

Brendan Coleman

Head of Environmental Care, Kettering Borough Council

FLEXIBLE FLEET MANAGEMENT

Choose from an extensive menu of management and support services, included at a fixed price for the duration of your contract.

- Fleet management and scheduling
- Servicing
- Inspections
- MOT and LOLER certification
- Breakdown recovery
- Network of mobile engineers
- Fuel management
- Staff training
- TUPE transfers
- Fleet support desk

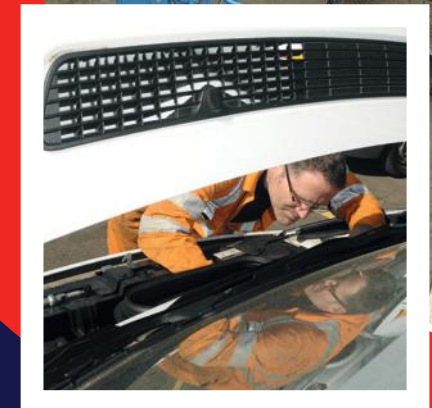

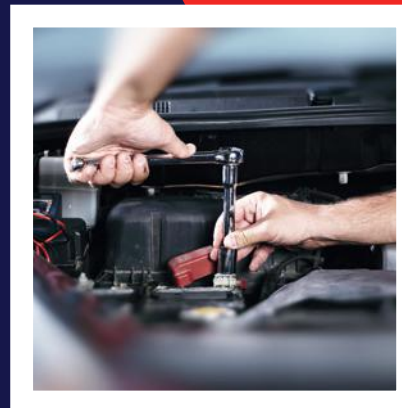

VEHICLE WORKSHOPS

SFS operates a growing number of workshops on behalf of local authorities. Our unique credentials and skills in this area include employing existing staff through TUPE transfers and implementing programmes to improve service levels, environmental efficiency, health & safety management, reducing maintenance costs and increasing vehicle availability. In some cases we are also able to introduce new revenue streams.

SERVICING INSPECTIONS REPAIRS

Our engineers are fully qualified to carry out all manner of repairs and refurbishments to even the most specialist of vehicles. We will take care of service and MOT scheduling as well as equipment inspections such as LOLER leaving you free to focus on your frontline services. Our team of mobile engineers and network of workshops provide a 24/7 breakdown and recovery service.

EXPERTS MUNICIPAL & SPECIALIST VEHICLE HIRE

Our municipal vehicle hire division, CTS, provides a cost effective, nationwide specialist vehicle hire service for the short to medium term rental requirement.

From 3.5t to 32t Refuse Collection Vehicles (RCV's), specialist recycling vehicles and road sweepers to skip loaders, hook loaders, caged tippers and more, CTS holds an impressive stock of vehicles of all different makes, sizes and specifications.

Whether you are waiting for a contract to end, for new vehicles to arrive, or you need a vehicle to cover seasonal work CTS can meet any shortage in your fleet.

Municipal & Specialist Vehicle Hire

- Wide range of high quality, high spec vehicles
- Flexible, competitive hire packages
- Nationwide service
- Continual investment
- 24 hour mobile engineer service

SFS & THE COMMUNITY

SFS is committed to making a positive contribution to the local community.

As part of our Corporate Social Responsibility programme and our partnership with Business in the Community (BITC) we are involved in initiatives that benefit local people.

For more information about our work in the community visit our website: www.sfs.co.uk.

For further information visit our website: www.sfs.co.uk

SFS has attained full accreditation in Health & Safety, Environmental Management and Quality Control.

Further information is available to download at: www.sfs.co.uk

SFS has an excellent track record in helping us keep our waste and recycling fleet running smoothly. We are rolling out a new service and we are pleased that SFS will be managing our entire fleet including street cleansing and that this will facilitate a seamless transition.
